May-July 2014 and
June- July 2015

Freelance work for **Kert-Szín-Vonal Ltd.** on the urban public realm regeneration project for Vizafogó housing estate, Budapest (parallel to working for S-TÉR)

Sept 2009 - May 2016

Landscape architect, project coordinator at **S-TÉR Ltd.**, Budapest
Experience includes small and large scale public realm designs, from concept to construction phase, working for various customers, e.g. local municipalities as general designer, or working for architectural design studios, as landscape consultant and public open space designer. Responsibilities included design and technical work (for concept, planning, tender and construction phase), preparing cost estimations, project visualizations and presentations for customers, consulting with co-designers of other disciplines such as architects, civil engineers, lighting engineers.

In addition, from 2014 my role was extended with contract writing, and tender writing for project applications as coordinator for the design projects.

Key projects: Debrecen, Intermodal Communal Transport Hub
Budapest, Újpest Market Square, public space around new market hall
Nyíregyháza, Érkert housing estate - public realm regeneration
Debrecen, City Plage

Areas of expertise: From concept design to production drawings, packages for planning application, construction details, setting out plans, planting plans, paving plans, terrain and site plans, master plans, tree surveys
Project coordination, consulting with co-designers and customers
Team leading, project leading, cost estimations, contract writing

June 2009

Graduation - Diploma Project: Poplar park, Post-industrial Park in the Lea Valley, London
(Annual Prize of the Chamber of Hungarian Architects)

March 2007- Aug 2008

Landscape Assistant at **Whitelaw Turkington Landscape Architects Ltd.**
Experience includes educational, residential, mixed-use and commercial schemes.

Key projects: Eveline Löwe School, Southwark, London
King's Quarter, Gloucester
Napp Headquarter, Cambridge
Jarrod Development, Norwich
